

I think King considers Bees
converting ~~plants~~ hives into female
Ants taking prisoners, - the most
wonderful instincts.

There is a distinction between an habitual action & reason - a person thinking
meets the accident & reason also with the - it - we argue that
not reason become a person did not meet a habit repeat.

Ann Trans Vol VI p 222 Hubei def

He has seen large healthy bees try to
enter "fives" & failing bite hole in

corolla, whilst smaller Hubei bees

entered the corolla - He has

seen them bite the tubes of "L'ancolie"

The seeds pods of the fives were not

injured.
